

When reliable electrical connections are required

Image	Series	Notes
	TH387	One of the most-compact IP68 screw connector in the market
	TH384	High-quality range to compete against every IP65/67/68 connector manufacturer (Aggressive price if required)
	TH400	

Image	Series	Notes
 	TH391	<p>Unique proposition against resin/gel solutions</p>
	TH400	<p>Main European competitor: Phoenix Contact</p>
	TH390	<p>High-potential for installation also in industrial applications</p>
 	TH392	<p><i>See Techno training slides</i></p>

Junction boxes and Distribution Units

IP68

Image	Series	Notes
	TH200	Good alternative products against resin/gel solutions High-potential for installation also in industrial applications
	TH209	<i>See Techno training slides</i>
	TH623	Premium-products for plug&play solutions Main European competitor: Wieland Electric

Innovative cable glands

IP68

Image	Series	Notes
 Two cable glands are shown side-by-side. The one on the left is black, and the one on the right is white. Both have a hexagonal body and a threaded base.	TH450 TH451 TH452	Patented Innovative Cable glands Unique in the market for either standard or harsh applications <i>See Techno training slides</i>

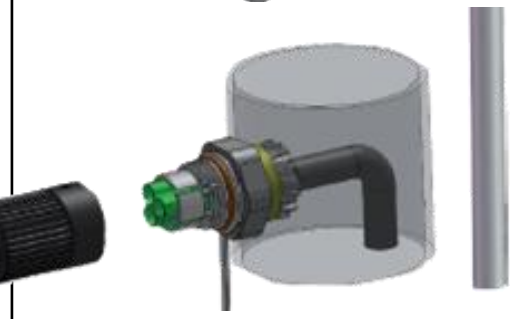

Compact Circular/Linear Terminal Block

Image	Series	Notes
 	TH391	Very compact terminal block IP54 Crimp contact Piercing screw Terminals
	TH400	Smart terminal block to make fast T-connections
 	TH390	Smart terminal block to make fast loop-connections (IN-OUT)
	TH392	Very compact terminal block 41A 450V 6mm ²

Special solutions

Image	Series	Notes
 <p>A black, cylindrical piercing clip plug-play connector with two white cables inserted. A black cap is shown separately below it.</p>	TH370	<p>Piercing clip plug-play connector for stand-alone single pole cables IP65</p>
 <p>A 3D rendering of a panel-mount connector. It shows a black connector with a green ring being inserted into a grey cylindrical panel. A grey cable is shown next to it.</p>	TH386	<p>Quick fixing panel-mount connector IP67</p> <p>Even more interesting on curve surfaces</p>
 <p>A black, flat, rectangular plug-play connector with a silver metal strip on one side. It is shown being inserted into a cable. A dimension line indicates a thickness of 4 mm.</p>	TH420	<p>Unique 4mm thick plug-play connector IP67</p>
